Small and Light for Ease of Use	✓		
No Blowing Air on Surgical Site	✓		✓
No Hot Air Blowing on You	✓		✓
Cable Easily Fits through Cage Slats	✓		✓
Won't Incubate Bacteria	✓		
Environmentally Friendly	✓		✓
Energy Efficient	Average 100 watts	Average 900 watts	Average 800 watts

Over 30 years ago, I invented Bair Hugger® warming. Now, to address your concerns about air and water systems, I have developed the first conductive fabric warming for veterinary use.

HotDog Patient Warming is great for cats, dogs, exotics and more. I am confident it will help you provide the most effective, safe, and economical solution to meet all of your patient’s warming needs.

Warm regards,  
Scott Augustine, M.D.

VETERINARY PATIENT WARMING

“The HotDog Patient Warming System provides superior means for perioperative thermoregulation.”

Featuring  
ThermAssure™  
Conductive Fabric

# No Hot Air... No Water... Just Safe, Even Warmth

HotDog Patient Warming represents a significant breakthrough in technology and features our patented ThermAssure fabric.

ThermAssure's conductive polymer responds to low-voltage, direct current by becoming uniformly warm without hot spots.

The System includes many built-in safety features.

Clinically proven to be more effective than forced-air and circulating water systems.

### Controllers:

- Two Controller options: run one or up to four blankets
- Touchscreen user interface for easy operation
- Lightweight
- Maintenance-free
- Quiet operation
- Free-standing or IV pole mountable (VESA)

### Blankets:

- Conductive fabric technology
- No wires as a heat source
- X-ray, translucent fabric
- Use over, under, and around patients
- Great for dentals, surgery, and recovery
- Durable, reusable, and cleanable

## HotDog Veterinary Warming System

Controller	Description	Included Accessories
WC71V	Single Port Controller (Runs 1 Blanket)	1 A101 Cable
WC77V	Multiport Controller (Runs up to 4 Blankets)	1 A101 Cable
Blanket	Description	Primary Patient Use
V101	X-Small 10" x 12"	Mice and Rats in Research
V102	Small 10" x 23"	Exotic or Pocket Pets
V103	Medium 16" x 22"	Average Sized Cat or Small Dogs
V104	Large 22" x 31"	Average Sized Dogs
V106	X-Large 27" x 47"	Large Dogs
Accessory	Description	Primary Use
A101	Cable 13' (standard)	Connects Blanket to Controller
A101-6000	Cable 20'	Connects Blanket to Controller
V501	Exam Table Cover	Used on most surfaces
V600	Pressure-Reduction Pad	Reduces risk of pressure injury

## Pressure-Reduction Pad

- Reduce the risk of pressure injury
- Use over a hard surface, surgery table, cage, or dental grate
- Easy to clean
- 20" x 31"

## Reduce Pressure in Risk Zones

1. Cranium
2. Mandible
3. Scapula
4. Carpal Bones
5. Sternum
6. Cartilaginous Part of Rib
7. Ribs
8. Ischium

## Less Stress™ Exam Table Covers

- Stop paws from slipping
- Pets feel safer
- Cover cold table surfaces
- Easy-to-clean Polyethylene material

Adhesive backing leaves no residue when removed.

Exam Table Covers can be used on most surfaces, including formica and stainless steel. The convenient 20" x 40" size fits most exam tables. It's great for scales, too!
